3.3 Change in Scope of Work. Any employee who is determined by VSD to be uncooperative, incompetent, a threat to the safety of persons or the Work, or any employee who fails or refuses to perform the Work in a manner acceptable to VSD, shall be promptly removed from the Project by Contractor and shall not be re-employed on the Work.

3.7 VSD's Basic Obligation. VSD agrees to engage and does hereby engage Contractor as an independent contractor to furnish all materials and to perform all Work according to the terms and conditions herein contained for the sum set forth above. Except as otherwise provided in the Contract, the VSD shall pay to Contractor, as full consideration for the satisfactory performance by the Contractor of the services and obligations required by this Contract, the below referenced compensation in accordance with compensation provisions set forth in the Contract.

3.8 Compensation and Payment.

3.8.1 Amount of Compensation. As consideration for performance of the Work required herein, VSD agrees to pay Contractor the Total Contract Price _____ (\$_____) ("Total Contract Price") provided that such amount shall be subject to adjustment pursuant to the applicable terms of this Contract or written change orders approved and signed in advance by VSD.

3.8.2 Payment of Compensation. If the Work is scheduled for completion in thirty (30) or less calendar days, VSD will arrange for payment of the Total Contract Price upon completion and approval by VSD of the Work. If the Work is scheduled for completion in more than thirty (30) calendar days, VSD will pay Contractor on a monthly basis as provided for herein. On or before the fifth (5th) day of each month, Contractor shall submit to VSD an itemized application for payment in the format supplied by VSD indicating the amount of Work completed since commencement of the Work or since the last progress payment. These pay applications shall be supported by evidence which is required by this Contract and such other documentation as VSD may require. Contractor shall certify that the Work for which payment is requested has been done and that the materials listed are stored where indicated. Contractor may be required to furnish a detailed schedule of values upon request of VSD and in such detail and form as VSD shall request, showing the quantities, unit prices, overhead, profit, and all other expenses involved in order to provide a basis for determining the amount of progress payments.

VSD shall review and pay all progress payment requests in accordance with the provisions set forth in Section 7107 of the California Public Contract Code. No progress payments will be made for Work not completed in accordance with this Contract.

3.8.3 Contract Retentions. From each approved progress payment request, five percent (5%) will be deducted and retained by VSD, and the remainder will be paid to Contractor. All Contract retainage shall be released and paid to Contractor and subcontractors pursuant to California Public Contract Code Section 7107.

3.8.4 Other Retentions. In addition to Contract retentions, VSD may deduct from each progress payment an amount necessary to protect VSD from loss because of: (1)

liquidated damages which have accrued as of the date of the application for payment; (2) any sums expended by VSD in performing any of Contractor's obligations under the Contract which Contractor has failed to perform or has performed inadequately; (3) defective Work not remedied; (4) stop notices as allowed by state law; (5) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract Price or within the scheduled completion date; (6) unsatisfactory prosecution of the Work by Contractor; (7) unauthorized deviations from the Contract; (8) failure of the Contractor to maintain or submit on a timely basis proper and sufficient documentation as required by the Contract or by VSD during the prosecution of the Work; (9) erroneous or false estimates by Contractor of the value of the Work performed; (10) any sums representing expenses, losses, or damages as determined by VSD, incurred by VSD for which Contractor is liable under the Contract; and (11) any other sums which VSD is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including Section 1727 of the California Labor Code. The failure by VSD to deduct any of these sums from a progress payment shall not constitute a waiver of VSD's right to such sums.

3.8.5 Substitutions for Contract Retentions. In accordance with California Public Contract Code Section 22300, VSD will permit the substitution of securities for any monies withheld by the VSD to ensure performance under the Contract. At the request and expense of Contractor, securities equivalent to the amount withheld shall be deposited with VSD, or with a state or federally chartered bank in California as the escrow agent, and thereafter VSD shall then pay such monies to the Contractor as they come due. Upon satisfactory completion of the Contract, the securities shall be returned to the Contractor. For purposes of this Section and Section 22300 of the Public Contract Code, the term "satisfactory completion of the contract" shall mean the time VSD has issued written final acceptance of the Work and filed a Notice of Completion as required by law and provisions of this Contract. Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this Section shall be in the form provided by VSD.

3.8.6 Payment to Subcontractors. Contractor shall pay all subcontractors for and on account of work performed by such subcontractors in accordance with the terms of their respective subcontracts and as provided for in the California Public Contract Code. Such payments to subcontractors shall be based on the measurements and estimates made and progress payments provided to Contractor pursuant to this Contract.

3.8.7 Title to Work. As security for partial, progress, or other payments, title to Work for which such payments are made shall pass to VSD at the time of payment. To the extent that title has not previously been vested in VSD by reason of payments, full title shall pass to VSD at delivery of the Work at the destination and time specified in this Contract. Such transferred title shall in each case be good, free and clear from any and all security interests, liens, or other encumbrances. Contractor promises and agrees that it will not pledge, hypothecate, or otherwise encumber the items in any manner that would result in any lien, security interest, charge, or claim upon or against said items. Such transfer of title shall not imply acceptance by VSD, nor relieve Contractor from the responsibility to strictly comply with the Contract, and shall not relieve Contractor of responsibility for any loss of or damage to items.

3.9 Termination. This Contract may be terminated by VSD at any time by giving Contractor three (3) days advance written notice. In the event of termination by VSD for any reason other than the fault of Contractor, VSD shall pay Contractor for all Work performed up to that time as provided herein. In the event of breach of the Contract by Contractor, VSD may terminate the Contract immediately without notice, may reduce payment to the Contractor in the amount necessary to offset VSD's resulting damages, and may pursue any other available recourse against Contractor. Contractor may not terminate this Contract except for cause.

In the event this Contract is terminated in whole or in part as provided, VSD may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated. Further, if this Contract is terminated as provided, VSD may require Contractor to provide all finished or unfinished documents, data, diagrams, drawings, materials or other matter prepared or built by Contractor in connection with its performance of this Contract.

3.10 Completion of Work. When Contractor determines that it has completed the Work required herein, Contractor shall so notify VSD in writing and shall furnish all labor and material releases required by this Contract. VSD shall thereupon inspect the Work. If the Work is not acceptable to VSD, VSD shall indicate to Contractor in writing the specific portions or items of Work which are unsatisfactory or incomplete. Once Contractor determines that it has completed the incomplete or unsatisfactory Work, Contractor may request a re-inspection by VSD. Once the Work is acceptable to VSD, VSD shall pay to Contractor the Total Contract Price remaining to be paid, less any amount which VSD may be authorized or directed by law to retain. Payment of retention proceeds due to Contractor shall be made in accordance with Section 7107 of the California Public Contract Code.

3.11 VSD's Representative. VSD hereby designates Joseph Glowitz, or his or her designee, to act as its representative for the performance of this Contract ("VSD's Representative"). VSD's Representative shall have the power to act on behalf of VSD for all purposes under this Contract. Contractor shall not accept direction or orders from any person other than VSD's Representative or his or her designee.

3.12 Contractor's Representative. Before starting the Work, Contractor shall submit in writing the name, qualifications and experience of its proposed representative who shall be subject to the review and approval of VSD ("Contractor's Representative"). Following approval by VSD, Contractor's Representative shall have full authority to represent and act on behalf of Contractor for all purposes under this Contract. Contractor's Representative shall supervise and direct the Work, using his best skill and attention, and shall be responsible for all construction means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Work under this Contract. Contractor's Representative shall devote full time to the Project and either he or his designee, who shall be acceptable to VSD, shall be present at the Work site at all times that any Work is in progress and at any time that any employee or subcontractor of Contractor is present at the Work site. Arrangements for responsible supervision, acceptable to VSD, shall be made for emergency Work which may be required. Should Contractor desire to change its Contractor's Representative, Contractor shall provide the information specified above and obtain VSD's written approval.

3.13 Contract Interpretation. Should any question arise regarding the meaning or import of any of the provisions of this Contract or written or oral instructions from VSD, the matter shall be referred to VSD's Representative, whose decision shall be binding upon Contractor.

3.14 Loss and Damage. Contractor shall be responsible for all loss and damage which may arise out of the nature of the Work agreed to herein, or from the action of the elements, or from any unforeseen difficulties which may arise or be encountered in the prosecution of the Work until the same is fully completed and accepted by VSD. However, Contractor shall be responsible for damage proximately caused by Acts of God, within the meaning of Section 7105 of the California Public Contract Code, only to the extent of five percent (5%) of the Total Contract Price as specified herein. In the event of damage proximately caused by "Acts of God," VSD may terminate this Contract upon three (3) days advanced written notice.

3.15 Indemnification. Contractor's obligation to indemnify shall survive expiration or termination of this Contract and shall not be restricted to insurance proceeds, if any, received by the District, its governing board, directors, officials officers, employees, agents, or volunteers. All certificates and endorsements must be received and approved

by VSD before work commences. VSD reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.16.10 Subcontractors. All subcontractors shall meet the requirements of this Section before commencing Work. In addition, Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

3.17 Bond Requirements.

3.17.1 Payment Bond. The Payment Bond requested by VSD and referenced in Section 2.4 above, and incorporated herein by reference, shall be executed and provided by Contractor to VSD concurrently with this Contract, in an amount required by VSD and in a form provided or approved by VSD. No payment will be made to Contractor until the bond has been received and approved by VSD.

3.17.2 Performance Bond. The Performance Bond requested by VSD and referenced in Section 2.4 above, and incorporated herein by reference, shall be executed and provide by Contractor to VSD concurrently with this Contract, in an amount required by VSD and in a form provided or approved by VSD. No payment will be made to Contractor until the bond has been received and approved by VSD.

3.17.3 Bond Provisions. Should, in VSD's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the effected bond within (ten) 10 days of receiving notice from VSD. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to VSD, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Contract until any replacement bonds required by this Section are accepted by VSD. To the extent, if any, that the Total Contract Price is increased in accordance with the Contract, Contractor shall, upon request of VSD, cause the amount of the bond to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to VSD. To the extent available, the bonds shall further provide that no change or alteration of the Contract (including, without limitation, an increase in the Total Contract Price, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to Contractor, will release the surety. If Contractor fails to furnish any required bond, VSD may terminate the Contract for cause.

3.17.4 Surety Qualifications. Only bonds executed by an admitted surety insurer, as defined in California Code of Civil Procedure Section 995.120, shall be accepted. The surety must be a California-admitted surety and satisfactory to VSD. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the VSD.

3.18 Safety. Contractor shall execute and maintain its work so as to avoid injury or damage to any person or property. Contractor shall comply with the requirements of the specifications relating to safety measures applicable in particular operations or kinds of work. In carrying out its Work, Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Work and the conditions under which the Work is to be performed. Safety precautions as applicable shall include, but shall not be limited to, adequate life protection and life saving equipment; adequate illumination for underground and night operations; instructions in accident prevention for all employees, such as machinery guards, safe walkways, scaffolds, ladders, bridges, gang planks, confined space procedures, trenching and shoring, fall protection and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and adequate facilities for the proper inspection and maintenance of all safety measures. Furthermore, Contractor shall prominently display the names and telephone numbers of at least two medical doctors practicing in the vicinity of the Project, as well as the telephone number of the local ambulance service, adjacent to all telephones at the Project site.

3.19 Warranty. Contractor warrants all Work under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the Work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Contract or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by VSD of any defect in the Work or non-conformance of the Work to the Contract, commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act sooner as requested by VSD in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its defective Work or which becomes damaged in the course of repairing or replacing defective Work. For any Work so corrected, Contractor's obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Work. Contractor shall perform such tests as VSD may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstatement of equipment and materials necessary to gain access, shall be the sole responsibility of Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of VSD, regardless of whether or not such warranties and guarantees have been transferred or assigned to VSD by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of VSD. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of VSD, VSD shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse VSD for any expenses incurred hereunder upon demand.

3.20 Laws and Regulations. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Contract or the Work, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Work. If Contractor observes that the drawings or specifications are at variance with any law, rule or regulation, it shall promptly notify VSD in writing. Any necessary changes shall be made by written change order. If Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to VSD, Contractor shall be solely responsible for all costs arising therefrom. Contractor shall defend, indemnify and hold VSD, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Contract, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.21 Permits and Licenses. Contractor shall be responsible for securing VSD permits and licenses necessary to perform the Work described herein, including, but not limited to, a City Business License. While Contractor will not be charged a fee for any City permits, Contractor shall pay the City's applicable business license fee.

3.22 Trenching Work. If the Total Contract Price exceeds \$25,000 and if the Work governed by this Contract entails excavation of any trench or trenches five (5) feet or more in depth, Contractor shall comply with all applicable provisions of the California Labor Code, including Section 6705. To this end, Contractor shall submit for VSD's review and approval a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If such plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.

3.23 Hazardous Materials and Differing Conditions. As required by California Public Contract Code Section 7104, if this Contract involves digging trenches or other excavations that extend deeper than four (4) feet below the surface, Contractor shall promptly, and prior to disturbance of any conditions, notify VSD of: (1) any material discovered in excavation that Contractor believes to be a hazardous waste that is required to be removed to a Class I, Class II or Class III disposal site; (2) subsurface or latent physical conditions at the site differing from those indicated by VSD; and (3) unknown physical conditions of an unusual nature at the site, significantly different from those ordinarily encountered in such contract work. Upon notification, VSD shall promptly investigate the conditions to determine whether a change order is appropriate. In the event of a dispute, Contractor shall not be excused from any scheduled completion date and shall proceed with all Work to be performed under the Contract, but shall retain all rights provided by the Contract or by law for making protests and resolving the dispute.

3.24 Underground Utility Facilities. To the extent required by Section 4215 of the California Government Code, VSD shall compensate Contractor for the costs of: (1) locating and repairing damage to underground utility facilities not caused by the failure of Contractor to exercise reasonable care; (2) removing or relocating underground utility facilities not indicated in the construction drawings; and (3) equipment necessarily idled during such work. Contractor shall not be assessed liquidated damages for delay caused by failure of VSD to provide for removal or relocation of such utility facilities.

3.25 Prevailing Wages. Contractor is aware of the requirements of California Labor Code Sections 1720, *et seq.*, and 1770, *et seq.*, as well as California Code of Regulations, Title 8, Section 16000, *et seq.*, (“Prevailing Wage Laws”), which require the payment of prevailing wage rates and the performance of other requirements on certain “public works” and “maintenance” projects. Since the Services are being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, and since the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. VSD shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor’s principal place of business and at the project site. Contractor shall defend, indemnify and hold the VSD, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.26 Apprenticeable Crafts. When Contractor employs workmen in an apprenticeable craft or trade, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

3.27 Hours of Work. Contractor is advised that eight (8) hours labor constitutes a legal day’s work. Pursuant to Section 1813 of the California Labor Code, Contractor shall forfeit the statutorily authorized penalty per worker for each day that each worker is permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week, except when payment for overtime is made at not less than one and one-half (1-1/2) times the basic rate for that worker.

3.28 Payroll Records. In accordance with the requirements of California Labor Code Section 1776, Contractor shall keep accurate payroll records which are either on forms provided by the Division of Labor Standards Enforcement or which contain the same information required by such forms. Responsibility for compliance with California Labor Code Section 1776 shall rest solely with Contractor, and Contractor shall make all such records available for inspection at all reasonable hours.

3.29 Contractor’s Labor Certification. By its signature hereunder, Contractor certifies that he is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker’s Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Work. A certification form for this purpose, which is attached to this Contract as Exhibit “C” and incorporated herein by reference, shall be executed simultaneously with this Contract.

3.30 Labor and Material Releases. Contractor shall furnish the labor and material releases from all subcontractors performing work on, or furnishing materials for, the work governed by this Contract prior to final payment by VSD.

3.31 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and that it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex, age or other interests protected by the State or Federal Constitutions. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

3.32 Anti-Trust Claims. This provision shall be operative if this Contract is applicable to California Public Contract Code Section 7103.5. In entering into this Contract to supply goods, services or materials, Contractor hereby offers and agrees to assign to VSD all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the Contract. This assignment shall be made and become effective at the time VSD tender final payment to the Contractor, without further acknowledgment by the Parties.
